Vaccination from Monday

▶ 14 lakh *Covishield* vials to arrive in State tomorrow ▶ 35,000 Healthcare staff in Mysuru District to receive first dose

DC Rohini Sindhuri inspecting the vaccination dry run at Apollo BGS Hospital in city this morning. *[Pics. by Pragathi Gopalakrishna]*

Mysuru, Jan.8 (SSV)- Health and Medical Education Minister Dr. K. Sudhakar announced in Bengaluru this morning that 13.90 lakh *Covishield* vials will arrive in Karnataka tomorrow and the much-awaited vaccination will begin from Monday (Jan. 11). "I will like to share good news with the people. Union Health Minister Dr. Harsh Vardhan informed this morning that 13.90 lakh vials will be sent to Karnataka on Saturday. Once received, the vaccine will be distributed to all 30 districts", Dr. Sudhakar told media after inspecting vaccine dry run at a hospital in State capital today.

(See VACCINATION on page 6)

- Each vial can vaccinate 10 persons
- First round of inoculation to be completed in five days
- Second dose after 28 days
- 100 to be vaccinated in one site
- 162 healthcare facilities ready
- Vaccine to be given free of cost
- Vaccination as per ICMR guidelines
- Healthcare workers can still register for vaccination

Two students from H.D. Kote selected for National-level Kalotsava

Chandana

Aishwarya

Mysuru, Jan. 8 - Two students from G.B. Sargur of H.D. Kote taluk have been selected for National-level Kalotsava organised by Central Government to be held in New Delhi from Jan. 15.

G. Aishwarya, a tenth standard student and **A. Chandana,** a ninth standard student, will be participating in the event in 3D contest and native toys categories respectively.

Aishwarya has crafted a clay idol of Goddess Chamundeshwari Devi riding a tiger while Chandana has created an art work on a bottle gourd.

K. Sangeeta, Art teacher working for G.B. Sargur Government High School, said, "Since 2015, Ministry of School Education has been organising National level Kalotsava in New Delhi. Every year, State Government is selecting 18 students for the event. We are very proud to say that two students of our school have been selected for this national level art festival. A total of ten school kids from the State will be participating in the event."

EDITOR'S BOTTOMLINE

In his final memoir, *The Presidential Years; 2012-2017,* ***published posthumously this week, the late former President Pranab Mukherjee has candidly written of the decline of his former party, the Congress, and its political mismanagement in the final years in power. He has enumerated the strengths and weaknesses of Prime Minister Narendra Modi. And he has given a glimpse of his own decision-making process — of advising the Government privately, while being publicly supportive of it.***

Mukherjee, a long-term Parliamentarian, noted the trend of Parliamentary disruptions and wrote how "appalled" he was with the "callousness" with which disruptions were used. This, he argued, ends up hurting the Opposition more because it loses its moral authority to question the Government. The late President's concerns on the subject must be internalised by all political actors at a time when the functioning of Parliament, for various reasons, has come under criticism. At the same time, Mukherjee also warned against judicial excesses and the need to reform the appointment process of judges — once again, a key concern at a time when the role of the judiciary has come under criticism. Restoring institutional functioning is essential for democracy — that remains the key takeaway from the Presidential memoir. *— In Hindustan Times*

Body paint to transform into comic character

Calgary: A talented designer and model from Calgary in Canada, is spending hours, skillfully covering herself with body paint to transform into popular superheroes and villains.

Cosplaying used to be a big part of designer Kay Pike's life, but after being diagnosed with congenital arthritis in her hips, which caused her excruciating pain, she just couldn't sit and sew for hours, like she used to. Luckily, in 2015, during the Edmonton Comic and Entertainment Expo, she discovered "cospaint," an intriguing art form that allowed her to transform into virtually any comic, cartoon or video game character by using body paint.

She started cospainting herself and as time went by, she got better at using her body as a canvas. She now spends between 10 and 14 hours on a body-painting and making sure every little detail is just right.

Old water tower turned into cozy family home

Nieuw-Lekkerland: Two cousins from the Dutch town of Nieuw-Lekkerland recently received an award for turning an old water tower into a modern and stylish home for their respective families.

Sven and Lennart de Jong grew up in a house right next to the old water tower of Nieuw-Lekkerland, and used to paly in it as kids, so in 2011, when they heard it was being put up for auction, they decided to place a bid. The approximately 200,000 euros they bid proved to be enough and the two became the owners of an abandoned building from 1915.

Sven and Lennart knew that they had their work cut out, but they dreamt of making the water tower their home in a decade's time, and managed to pull it off. For their achievement, the two received the 2020 Water Tower Award, a distinction for the best conversion of a historic water tower.

Stray thoughts on C&D waste treatment plant in city

Sir,

This refers to the news item titled ***"Ground works begin for C&D waste treatment plant in city"*** (*SOM* dated Jan. 3). At last, MP Pratap Simha has taken a strong and bold step to resolve the major problem of Mysuru city by taking up a project for C&D waste treatment plant.

I also came to know through media that Mysuru City Corporation has approved this project in its last meeting. Hitherto, the debris of construction materials were being thrown haphazardly across the city, all along the Highways, Ring Roads and also in artillery roads.

It is really a nuisance for the public and has great impact on environment. Lot of dust arises from this debris causing air pollution and also gives ugly look to the city. This C&D waste disposal is a big problem in the major cities including Mysuru. This is because the local bodies have failed to identify and notify to the public the vacant land to dump waste debris since beginning. Though this problem was discussed many a times in the meeting of MCC, no one had taken this subject seriously as our present MP.

I congratulate the MP, MLAs and Corporators for this great contribution to city. I hope the project would be completed as desired without any hurdle.

Now, it is also right time to have another solid waste treatment plant in the other part of the city to reduce the work load of present plant which is inefficient to treat the huge quantity of solid waste generated every day.

QR code allotment for properties picks up pace in city

MCC Additional Commissioner N.M. Shashikumar (fifth from right) and the staff of MCC Zone-1 in Agrahara seen displaying the QR code stickers.

Mysuru, Jan. 8 (RK&BCT)- The Mysuru City Corporation (MCC) has begun its ambitious project of computing details of each and every property in city and providing Quick Response (QR) code to citizens so that they can pay tax online without visiting Corporation Offices.

The process has picked up pace in all nine MCC Zones with Assistant Commissioners, Revenue Officers and Assistant Officers visiting each and every commercial property to allot QR codes. After the commercial properties are covered, residential properties will be taken up.

MCC officers told *Star of Mysore* that the QR code allotment process for commercial properties will be completed in another 20 to 25 days. Officers visiting commercial outlets and complexes are listing out the properties and are making sure that all data is in order after clicking photos from all the four sides of the said properties.

Details about property like the total area, number of floors and usage are noted down and pictures of properties from four different angles are taken and uploaded to the newly-created application. Along with the details, tax paid receipt for the year 2020-2021 is collected and paired with RR number of electricity and water bills.

Together, the QR code is allotted so that tax, electricity and water bills can be paid. Once the QR code is activated, residents can just scan the code to get the details of taxes due and the amount required to be paid as electricity and water bills, officers said.

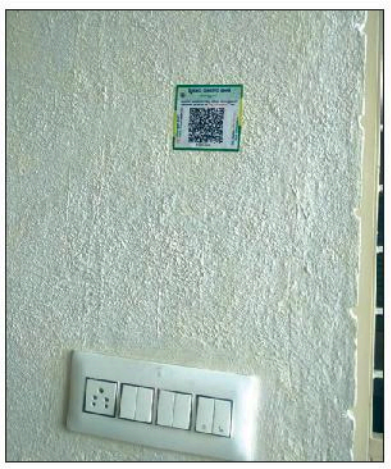
MCC Zone-1 staff pasting the QR code to a commercial building near Siddappa Square in city yesterday.

Over 300 QR codes have been allotted on an average in all the nine MCC Zones and in Zone-4, 883 QR codes have been allotted for commercial properties and 204 geo-tagging has been done. In Zone-3 too, over 800 codes have been allotted. "When compared to residential properties, commercial properties are less in Mysuru and as such we have taken up commercial properties first. We have not activated the QR codes as yet and it will be done after the entire allotment is over," a Revenue Officer told *Star of Mysore* this morning.

As per the Corporation records, there are 1.70 lakh properties and the number may go up once the actual QR code survey is done. Allotting QR codes to residential properties would be a massive task.

Each property has a different QR Code and scanning of code would help citizens get useful information such as water tax, property tax, trade licence and Swachh Survekshan. This would prevent people from frequenting the offices of Corporation for payment of taxes. The MCC is the first Corporation in the nation to launch this project.

Speaking to *SOM* on the smooth process of QR code allocation, **K.G. Narasimha Bharathi,** a resident of No. 483, Ramakrishnanagar I Block, said that the process was over within 10 to 15 minutes. "Officers came to my house on Dec. 24 and asked for tax paid receipt for the year 2020-2021 along with electricity bill and water bill. The details were quickly uploaded in the application and the QR code was generated and pasted on the wall *(see pic)*. Photos of house were taken and uploaded," he said thanking the MCC Officers for an efficient job. Narasimha Bharathi hoped to pay taxes and his power and water bills after scanning the QR code, post activation. "I am looking forward to pay taxes and bills from the comfort of my home," he said.



Three of a family killed, 14 injured as vehicle overturns

Tempo Traveller carrying 17 from TN was bound to Chamundi Hill in Mysuru

Chamarajanagar, Jan. 8 (SS&KS) - Three persons of a family were killed while 14 others sustained injuries when the Tempo Traveller in which they were travelling overturned near Suvarnavathi Dam in Chamarajanagar taluk at about 4 am today.

The deceased are Subramanya (75), his wife Amaravathi (65) and their daughter Kokila (40), all residents of Tirupur in Tamil Nadu.

It is learnt that the Tempo Traveller (TN-57-BD-4721) was carrying 17 persons, all said to be of the same family to Chamundeshwari Temple atop Chamundi Hill in Mysuru. When the vehicle neared Gudibore close to Suvarnavathi Dam, the driver of the vehicle reportedly lost control of it resulting in the vehicle toppling and falling to the roadside.

The injured have been admitted to Chamarajanagar District Hospital and at a hospital in Mysuru. Ramasamudra Police have registered a case.

Unidentified body found

Nanjangud, Jan. 8 (KS) - Nanjangud Police have found a body of an unidentified man on Wednesday near Mudikatte, adjacent to Kapila River close to Srikanteshwara Swamy Temple in Nanjangud.

The deceased is aged between 58 and 60 years, 5.3 ft. tall, normal built, round faced, has a mole near the neck and near the left arm and was found wearing purple coloured T-shirt and blue pant.

Nanjangud Police, who have registered a case and shifted the body to MMC&RI mortuary in Mysuru, have asked the kith and kin of the deceased, if any, to contact Nanjangud Police Station on Ph: 08221-228383 or call the District Police Control Room on Ph: 0821-2444800 or Mob: 94808-05048, according to a press release.

Obituary

Rtn. K.J. Ramesh

Mysuru, Jan. 8- Rtn. K.J. Ramesh (62), a senior Rotarian of Rotary Midtown and a resident of Siddarthanagar, passed away this morning at a private hospital in city.

He leaves behind his wife, one son and a host of relatives and friends. Last rites were performed at the foot of Chamundi Hill this afternoon.

Vaccination from Jan. 11

Health and Medical Education Minister Dr. K. Sudhakar inspecting vaccine dry run at a private hospital in Bengaluru this morning.

(Continued from page1)

The Health Minister said the list of healthcare workers who would receive the first shot was ready. Those doctors, including dentists, who have not registered their names to get the first dose could do it immediately by uploading details in CoWIN app.

Sources close to the Minister told *SOM* that the *Covishield* vaccine, developed by University of Oxford and Pharmaceutical Company AstraZeneca, and manufactured by Serum Institute of India, Pune, is supplied to Karnataka.

Ten persons could be vaccinated from each vial. The special kind of syringes have already arrived in Bengaluru and the same had already been distributed to all districts.

Two vaccines have been approved for vaccination — *Covishield* and *Covaxin*. In first round, only healthcare workers will be vaccinated, followed by Corona frontline workers. Thereafter, citizens above 50 years of age and those below 40 years of age but with comorbidity would receive the vaccine.

35,000 beneficiaries

In Mysuru district, as many as 35,000 healthcare workers have been identified to take first shot of vaccine. They included doctors in Government and Private Hospitals, nurses, para-medics, medical students, Group 'C' and 'D' employees. The District Administration had already prepared the list and submitted to the State Government for approval.

The vaccine will be administered to all healthcare workers at hospitals in City and Primary Health Centres in rural areas.

District ready for vaccination

Second vaccine dry run successful

Mysuru, Jan.8 (RK,PM,RKB&SSV)- The second round of vaccine dry run was held at eight different locations in Mysuru District including five sites in city, to check the preparedness of the District to handle COVID-19 vaccination.

The dry run was held at K.R.Hospital, District Hospital, JSS Hospital, Apollo BGS Hospital, Kumbarakoppal Urban Primary Health Centre (UPHC), all in Mysuru City; MCH Hospital in Nanjangud, CHC Muguru in T.Narasipur taluk and Kadakola PHC.

At Apollo BGS Hospital, Deputy Commissioner Rohini Sindhuri inspected vaccine dry run preparedness and interacted with health workers.

Later, talking to reporters, she said all 162 healthcare facilities including Government Hospitals, Urban and Rural Primary Health Centres and 26 Private Hospitals are totally geared up to begin vaccination as soon as the Union Health and Family Welfare Ministry shows the green signal. Besides, 26 Private Hospitals were also fully prepared to inoculate citizens.

As per guidelines, 100 persons will be vaccinated in each site and there are 70 sites in the district. Of the total 35,000 healthcare staff identified to receive the first dose, 18,000 belong to Private Hospitals. Even handlers of Bio-medical waste have been identified and they too will receive the first dose along with healthcare workers.

COMPLETE IN FIVE DAYS

The DC said with over 70 sites across the district, it is planned to complete vaccination of healthcare workers in rural areas in two days. The big Government and Private Hospitals like K.R.Hospital, JSS Hospital, District Hospital where there were more than 3,000 beneficiaries in each hospital, may require three to four days to complete inoculation. Since second dose should be taken after 28 days, the time table had to be followed strictly.

Healthcare staff seen waiting for their turn to be vaccinated as part of the dry run held this morning at District Hospital on KRS Road in city.

Meanwhile, vaccine dry run was going on smoothly in other locations. In K.R. Hospital, it was held under the supervision of Dr. C.P. Nanjaraj, Dean and Director, Mysore Medical College and Research Institute. Dr. Lakshmegowda, Resident Medical Officer, Dr M.S. Pramila, Dr. Rajesh, Dr.Virupaksha, Dr. Manjunath, Dr. Savitha and Dr. Basavaraj were present.

At Kumbarakoppal Urban PHC, Dr. S.R.Ramya, Senior Medical Officer, supervised dry run. She said a board displaying contact number of doctors has been put at observation room to enable the beneficiaries to contact them in case of side-effects.

Four-hour parking rule

to be a reality on Devaraja Urs Road

City Police Commissioner Dr. Chandragupta to issue official notification

Mysuru, Jan. 8 (RK&BCT)- The vexed and long-drawn vehicle parking issue on D. Devaraja Urs Road in Central Business District of the city has finally seen a logical end with a resolution that no vehicle including that of the shop owners can be parked on this road beyond four hours. Violating vehicles would be wheel-locked and action would be taken against the owners under the provisions of Motor Vehicles Act.

The four-hour parking decision was taken at a meeting of traders, locals, customers, senior citizens and the members of Traffic Advisory Committee yesterday. The meeting was held in the premises of Devaraja Traffic Police Station under the leadership of Traffic ACP S.N. Sandesh Kumar.

Though yesterday's meeting was one among the many held on the parking issue in the past, participants agreed to the suggestion of limiting parking time to four hours. The final decision, however, rests with City Police Commissioner Dr. Chandragupta who will issue the official notification.

The Urs Road spans 900 metres from K.R. Circle to JLB Road and there are over 316 shops on either side. 220 cars and over 900 two-wheelers can be parked on both sides of the road within the marked boundaries. Of the 220 cars, more than 151 vehicles are parked there for more than four hours. Also, the shop owners bring their 92 cars to be parked on the same road from morning till night.

"Parking spaces are being used by shopkeepers to park their vehicles, depriving tourists and shoppers of the facility. Over 90 percent of the cars parked on Urs Road every day belong to shopkeepers. As a result, there is a mad scramble for parking space when shoppers and public running on errands bring their vehicles. Resultant, surrounding roads get clogged with vehicles parked haphazardly," Sandesh Kumar told the meeting.

Member of Traffic Advisory Committee Dr. Ramesh told the meeting that the shop owners can park their vehicles inside Nanjaraja Bahadur Choultry, Dr. Ambedkar Bhavan, Gaadi Chowk and Town Hall. The Traffic Police have already written to the authorities concerned to make space for parking in these places.

"It is a common sight to see many car owners waiting endlessly for a place to park their vehicles and many people avoid this road. So indirectly it is a loss for businessmen. In public interest, the four-hour parking rule must be strictly implemented," he said. Devaraja Urs Road Merchants Association President Veerabhadrappa urged the Police not to levy fines or wheel-lock vehicles on Urs Road till alternative arrangements are made.

A majority of the participants in the meeting agreed with the four-hour rule and asked the Police to implement the same to solve the parking mess. Devaraja Traffic Inspector Muniyappa and Sub-Inspector Lepaksha were present.

K-SET results announced

Over 5,000 candidates qualify

Mysuru, Jan.8 (RK&DM)- The results of Karnataka State Eligibility Test (K-SET) -2020 for appointment as Assistant Professors in Colleges of the State has been announced.

Addressing a press meet at Crawford Hall here this morning, University of Mysore (UoM) Vice-Chancellor Prof. G. Hemantha Kumar said that UoM, the nodal agency accredited by the University Grants Commission (UGC), had conducted the eighth K-SET exam on Sept.27, 2020, after it was postponed a couple of times due to COVID-19 crisis.

The exam was held for 41 subjects at 11 centres spread across the State.

A total of 1,06,396 candidates had registered out of which 79,717 had appeared for the exam held on Sept.27 in accordance with COVID-19 protocol announced by the Government.

A total of 5,495 candidates have qualified in K-SET, out of which 3,113 are male and 2,382 female, with 1,248 of them (607 male and 641 female) having appeared for the exam at Mysuru centre, he said and added that the qualification certificate has a lifetime validity.

The results are available on UoM website: *kset.uni-mysore.ac.in.*

UoM Registrar Prof. R. Shivappa and K-SET Co-ordinator Prof. H. Rajashekar were present at the press meet.

Decomposed bodies of man and son found in city outskirts

Mysuru, Jan.8 (RK&DM)- The bodies of an elderly man and his son, who had gone missing a few days ago, were found in a decomposed state in Mysuru South Police limits this afternoon. While the body of the man was found in a bush near Mandakalli, the body of his son was found at a secluded place near APMC on Nanjangud road.

According to preliminary reports, the two were bludgeoned to death with lethal weapons a couple of days ago and their bodies thrown at different spots by miscreants who are yet to be identified as yet. The Police suspect that the two may have been killed over a financial dispute.

Mysuru South Police, who rushed to the spots, shifted the bodies to MMC&RI mortuary for post-mortem, it is learnt. More details are awaited.

Winged beauties a feast for bird-watchers at BRT bird fest

Chamarajanagar, Jan. 8 (MTY&BCT)-More than 150 bird species were spotted at the Seventh Edition of State-level Bird Festival (Hakki Habba) that concluded at BRT (Biligiri Ranganathaswamy Temple) Sanctuary. The three-day festival, jointly organised by Forest Department, Eco-Tourism Development Board and Jungle Lodges and Resorts, concluded last evening.

Interestingly, the brand ambassador of the festival Rufous-bellied Eagle was spotted. The rare bird was sighted by the team led by Ornithologist S. Subramanya and Chief Conservator of Forests Manoj Kumar.

Rufous-bellied Eagle is a resident species of Southern Asia and it lives in dense forests. Due to large-scale cutting of trees, the bird species has lost natural habitat and are counted now among endangered ones.

In all, 85 people had registered for the festival and 14 teams were formed with six members in each team. Yesterday morning it rained heavily in the area and it was impossible for the team to venture into the woods till around 9 am. Still one of the teams headed out. Later, armed with notepads and the data of previously-sighted birds, all the 13 teams entered the forests and the new sightings were noted down and collated.

While the first two days of the festival was reserved for lectures and special talks, the last day, yesterday, was reserved for bird watching. Some of the birds that were spotted are Black-naped monarch and Spot-bellied Eagle owl. Apart from bird sighting, several bird calls were heard and experts explained the bird species to the teams.

Forest Department officials and the ornithologists who were part of the festival said that the bird sighting data collected by all the 14 teams would be collated and it would be compared with the old sighting data. It will take some time to reveal if any new species have been spotted at the festival, officials said.

Black-naped monarch

Spot-bellied eagle owl

BSY visiting city on Jan. 11

B.S. Yediyurappa

Mysuru, Jan. 8 (KS)- Chief Minister B.S. Yediyurappa, will be arriving in city on Jan. 11 to take part in various programmes organised in city.

The CM, who will leave HAL Airport at Bengaluru in a chopper at 9.20 am, will arrive at the helipad in JSS Residential School, Suttur in Nanjangud taluk at 10.10 am, where he will inaugurate the 1061 Jayanti Mahotsava celebration of Jagadguru Sri Shivarathri Shivayogi besides releasing *Panchanga* and books.

The CM will leave Suttur by road at 10.45 am and arrive at Chamundeshwari Temple atop Chamundi Hill at 11 am. He (CM) will depart from Chamundi Hill at 11.15 am and will arrive at Kalamandira on Hunsur Road at 11.30 am, where he will participate in 'Janasevaka Samavesha,' organised by the BJP.

The CM will leave for Bengaluru in a chopper from Mysore Airport at Mandakalli at 12.45 pm and will arrive at HAL Airport in Bengaluru at 1.35 pm.

CM to lay foundation for Toy Cluster in Koppal soon: Shettar

Mysuru, Jan.8 (MTY&SSV)- A toy cluster being established on 450 acres land in Koppal will generate around 20,000 jobs, opined Major Industries Minister Jagadish Shettar.

Speaking to reporters here yesterday, he said that unique toys would be manufactured in that cluster. Chief Minister B.S. Yediyurappa will lay the foundation for the toy cluster soon. The Koppal district was known for manufacturing famous 'Kinnala' toys, which were sold across the country. Establishing the cluster would benefit thousands of families which are into toy making for many decades.

Shettar said that after lifting of lockdown, the State Government had been successful in job creation. The industrial growth has surpassed all expectations. Out of Rs.3.50 lakh crore expected from Foreign Direct Investment in the country, Rs.1.40 lakh crore investment was expected in Karnataka. The migrant workers have returned to the State from their hometown and joined duty in their respective industries. Lakhs of job aspirants have arrived in the State and skill training was being imparted for them, he added.

Preparations were on for vaccination of people to check spread of Coronavirus. It was not correct for Opposition parties to criticise the State Government for everything and anything. Instead they must join hands with the Government for development of State, Shettar said.

Dy. CM to inaugurate NEP seminar tomorrow

Dr. C.N. Ashwathnarayan

Mysuru, Jan. 8- Karnataka Rajya Mahavidyalaya Shikshak Sangh (KRMSS), Mysore University Vibhag in collaboration with University of Mysore (UoM), Karnataka State Open University (KSOU), Mysuru, Karnataka State Higher Education Council, Bengaluru and Academic Partner - Centre for Educational and Social Studies, Bengaluru, has organised a one-day National Seminar on "Implementation of NEP-2020 in Karnataka: Opportunities and Road Ahead" at Vijnana Bhavan, Manasagangothri, on Jan. 9 from 8.30 am to 5.30 pm.

Suttur Seer Sri Shivarathri Deshikendra Swamiji will grace the occasion.

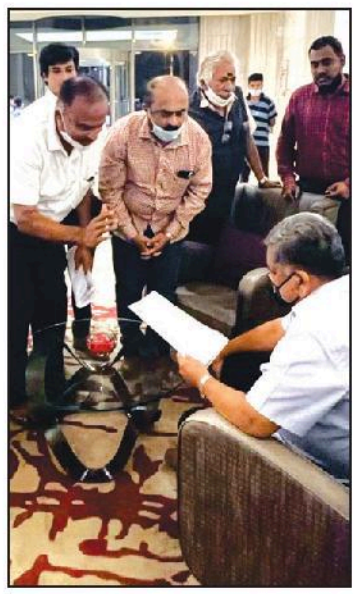
For details contact Mob: 96201-98326 or 91417-99241.

Industrialists seek reduction in tax



Mysuru, Jan.8 (RK&SSV)- A delegation of members of Kadakola, Adakanahalli, Tandya and Immavu Industrial Areas Association (KATKI) met Major Industries Minister Jagadish Shettar here yesterday and submitted a memorandum seeking reduction of tax imposed on Micro, Small, Medium and Large Scale Industries in view of COVID-19 pandemic.

The office-bearers, led by Association Honorary President H. Ramakrishnegowda, appealed the Minister to reduce tax on Micro and Small Scale industries from 0.4 per cent to 0.1 per cent; Medium Scale Industries from 0.5 per cent to 0.02 per cent and Large Scale Industries from 0.6 per cent to 0.3 per cent.

The industries, that had paid Rs.one lakh Property Tax in 2015-16, had to pay now Rs. 6 lakh as per prevailing rate. It would be difficult for them to pay this amount as their industry had been hit by pandemic.

Industrial sites

He said the cost of industrial site which was Rs.30 lakh to Rs.70 lakh in 2006-07 had been hiked to Rs.1 crore to Rs.1.25 crore. This has impacted the industrial growth in the region. Necessary instruction should be given to Karnataka Industrial Areas Development Board (KIADB) to allot site as per old rate, he added.

KATKI President Prashanth, Vice-President B.Chandran, General Secretary P.V. Pinto and others were present.

Panache: Mask On... Shopping On !

It is time to get back to the new normal. After a year of staying-in, dressing up in your favourite attire could be just the thing to uplift your spirits and *Panache* is here to do just that.

Panache is back with a bang with the best of designers for the season.

Erica from Ahmedabad will display their progressive collection of clothing which is a blend of fashion and sustainability while Shaista Durrani showcases Classic to traditional to quirky to contemporary collection.

'Kainkarya Brahma' title conferred on senior art patron K.V. Murthy

On 12th December, 2020 Sri Nadabrahma Sangeetha Sabha had organised **Shree Harsha**'s devotional music programme in memory of late Lalitha Murthy, wife of senior art patron K.V. Murthy on her birth anniversary. Prior to the concert, senior art patron **K.V. Murthy,** who is also the President of the Sabha, was conferred the title 'Kainkarya Brahma' for his yeoman service to the Sabha.

K.V. MURTHY: Industrialist and munificent donor K.V. Murthy, B.Sc, BE, MIE, MIGS, is an art enthusiast and supporter of art. He believes that art makes our lives meaningful. By sheer dint of diligence and hard work, Murthy rose to dizzy heights in his career as a civil engineer. Specialised in multifarious civil engineering constructions, he has associated with the construction work of airports, dams, bridges and specially marine structures like docks, wharfs, jettys, beacons and shell roof for testing labs while constructing the Indian Institute of Technology, Powai. Being an engineer and top executive of India's one of the renowned firms, he had a very lucrative career leading a comfortable life, but is still interested in serving the society. Recognising his contribution to the prestigious works executed by him, Builders Association of India (BAI), Mysuru, has honoured him with the 'Engineer Par Excellence' Award.

As a committed Rotarian, he has diverted his attention towards service to society, one of the landmarks of which is creation of facilities for the mother and deaf child by mobilising funds of more than Rs. 30 lakh. He has been awarded 'Four Avenues of Service' and 'Best Credibility President' by The Rotary. Murthy is associated with almost all the cultural organisations in Mysuru. All musicians and artistes from

K.V. Murthy after felicitation.

Shree Harsha presenting a devotional music programme in memory of late Lalitha Murthy, wife of senior art patron K.V. Murthy on her birth anniversary at Sri Nadabrahma Sangeetha Sabha on JLB Road in city during December last. He was accompanied by Atmaram Nayak on tabla, Vinay Rangadhol on rhythm pad and Shanmuga Sajja on keyboard.

Karnataka and Chennai have a great regard for him. JSS Sangeetha Sabha, Mysuru, has honoured him with the title 'Sangeetha Seva Nidhi.' Under his presidentship, Nadabrahma Sangeetha Sabha built its own auditorium with all facilities with 620 seats and celebrated its Golden and Diamond Jubilee celebrations. A total of 22 Sabhas of Mysuru have felicitated him with 'Kala Seva Ratna' title. Murthy has also established 'Raaga Vaibhava,' which brings music concerts from popular and well-known artistes.

THE CONCERT: Basically from Mysuru, Shree Harsha has gained popularity in the Kannada film industry. His concert on the evening attracted a good number of audience in spite of the pandemic fear. Harsha proved his tremendous experience in the concert. He began the evening with an obeisance to Lord Ganesha with 'Bhajare Re Bhaja Manasa Siddhi Vinayakam', a rare composition of Sri Jayachamaraja Wadiyar in Hindola. 'Belagina Javadi ninna charanava toledu' by Vijayadasaru proved his voice range. Shishunala Sharif's not-very-popular 'Marule maretirabeda Guruvina mado Sri Shivabhajana' in a folk tune was received well.

Bhadrachala Ramadasaru's 'O Rama ninnamam emi ruchira' of Madhurai Somu's fame was sung in a different tune and the singer appealed to the audience to join him. The audience did and were in tune with the singer. Prasanna Venkata Dasaru's 'Danava kadaliya kanana muriyuta ane bantane ammamma' was tuned well and had a mesmerising effect.

Harsha also presented 'Anudinadali bandu tanuva snehava madi enna bittu hogutiya jeevave (Purandara Dasa)' and 'Ava rogavo enage deva dhanvantari (Gopala Dasaru)' set to tune by his Guru R.S. Nandakumar, who was also present on the occasion. Popular devaranama of Purandaradasa 'Devaki kanda Mukunda' attracted chorus by the audience. 'Innashtu bekenna hrdayakke Rama ninnashtu nemmadiyu ellihudu Rama' was appealing.

While singing 'Enandalayya Seethe' by Purandara Dasaru, he explained the situation of the song. Rama asks Hanumanta about Seeta's welfare and Hanuman explains all that Seeta had related to him. The song is set to tune by Mysore Anantaswamy. Would he have been inspired by the film song 'Vaidehi Enadalo' from the Kannada movie 'Dashavatara' while composing this?

Harsha knows the pulse of the audience. He knows how to impress the listeners. He can sing any song with ease and he knows perfectly well how to weave magic with melody. His instinct to impress carries him away sometimes and he loses concentration on shruti often, which can be easily corrected.

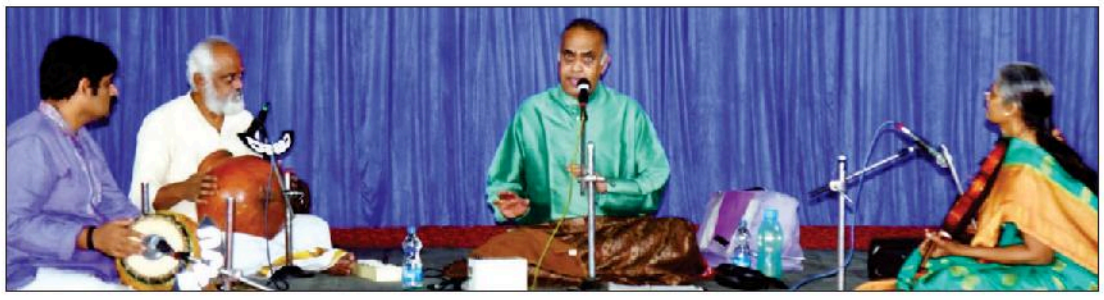
'Mankutimmana Kagga' by DVG reminded one very much of Mysore Anantaswamy in the singing and the very popular song on Hanuman 'Pavamana Pavamana Jagada Prana' (Vijayadasaru) was sung towards the end of the concert. Harsha closed the concert with the well-known 'Harivaratmajam' on Ayyappa of Jesudas fame. Harsha was aptly supported by **Shanmuga Sajja** on keyboard, **Atmaram Nayak** on tabla and **Vinay Rangadhol** on rhythm pad, without whom the concert would have been insipid.

—Padmavathi Narasimhan

Masterful exposition of Shankarabharana

Music-lovers were disappointed to know that the one and only music conference that used to be held in Mysuru was cancelled due to the COVID pandemic. The grand event which used to be held from Dec. 2 to 6 every year with pomp and fervour gave opportunities to many artistes and scholars. However, the host, JSS Sangeetha Sabha, decided to hold it symbolically for a day with a grand vocal concert by **Vid. S. Shankar** of Bengaluru.

Thus, 27th music conference in memory of Jagadguru Dr. Sri Shivarathri Rajendra Mahaswamiji was held for a handful of invitees and all the *rasikas* on Facebook. S. Shankar is one of the senior vocalists, who is known for his adherence to classicism and purity of tradition. His rich voice and clear diction enable him to transform his musical thoughts successfully. He breathes life



Vid. S. Shankar presenting a music concert as part of the 27th music conference in memory of Jagadguru Dr. Sri Shivarathri Rajendra Mahaswamiji. He is accompanied by Vid. Tumkur Ravishankar on mridanga, Vid. G.S. Ramanujan on ghata and Vidu. Charulatha Ramanujan on violin.

by stressing more on the melody of the *raga* than reducing it to a mere display of virtuosity.

Shankar was ably accompanied by **Vidu. Charulatha Ramanujan** on violin, **Vid. Tumkur Ravishankar** on mridanga and **Vid. G.S. Ramanujan** on ghata.

Shankar's opening piece was 'Shri Maha Ganapathim Bhajeham,' a fine composition of Sri Jayachamaraja Wadiyar in the *Raga Athana.* The crisp *kalpana swaras* were lively. After a short sketch of *Poorvikalyani,* he presented a meaningful *Vachana* of Basavanna 'Geethava haadidarenu'? like a *ugabhoga* and later as a composition. The medium tempo and availing middle octave mostly results in an effective exposition. After a *Keerthana* of Tyagaraja 'Naada thanumanisham' (chittaranjani), Shankar indulged in unveiling the nuances of *Raga Shankarabharana.* The majestic gait of the *raga* instantly captured the listeners. He could easily traverse in all the three octaves. The open throated singing did justice to the age old *raga.* Charulatha added more beauty to the different phrases of *Shankarabharana.*

Surprisingly, he had opted for a beautiful *Devaranama* 'Bhajisi badukelo maanava' by Kanakadasa. A neraval at 'Garuda Seshadrigalu hotthu thiruguva paada' and the *kalpana swaras* that followed showcased his scholarship and the mature *manodharma.*

Abheri and *shanmukhapriya* were the other two *ragas* he elaborated. The *alapana* in both the *ragas* were filled with *ragabhava.* Mysuru Vasudevacharya's 'Bhajarere maanasa' and 'Marivere dikkevarayya Raama' by Patnam Subramanya Ayyar were sheer joy to listen. An elaborate neraval at 'Sannuthanga Shri Venkatesha neevu' and the *kalpana swaras* that followed by both the artistes aimed only at portraying the essence of the *raga.*

The permutation and combi-nations of *jathis* used in the *thani avarthana* added pep to the concert experience. Ravi Shankar and G.S. Ramanujan deserve an applaud. 'Nudidare mutthina haaradanthirabeku'(Durga) and a *ugabhoga* of Sripadaraja 'krutha yugadi' were soothing.

Shankar concluded his concert with a rare *Mangala* by Vidya Prasanna theertharu 'Maara janaka chathuraanana' in *Sindhubhairavi.* On the whole, it was a peaceful experience.

—Dr. Rama V. Bennur

Two-day Cricket Tournament
for Shivarchakas from tomorrow

Mysuru, Jan. 8- Nrupatunga Charitable Trust, Mysuru and Sri Medha Samruddhi Trust, Mysuru, have jointly organised a Cricket Tournament for Shivarchaka community members at SWR Grounds in Ashokapuram on Jan. 9 and 10.

D. Devarj Urs Backward Classes Development Corporation Chairman R. Raghu Kautilya will inaugurate the Tournament at 9 am tomorrow (Jan. 9). State Chutuku Sahitya Parishat Chief Convenor Dr. MGR Urs will be the chief guest. K.R. Hospital Medical Superintendent Dr. Nanjundaswamy will be the guest of honour. Human Rights and Corruption Eradication Institute Chamarajanagar District President S. Pradeep will preside. Chamundi Hill Temple Executive Officer Yathiraj Sampathkumar will unveil trophies.

Valedictory and prize distribution ceremony will be held on Jan. 10 at 4 pm. Sri Adishakti Gurukula Seva Trust-Bannur Founder-President Dr. Sri Bolappa Guruji will inaugurate the ceremony. Sandhya Suraksha Trust President Nataraja Jois will distribute trophies.

Karunada Parisara Vanyajeevi Samrakshana Samiti Founder-President K.P. Shantha Mahadevaprasad will preside.

Financial aid for sports students

Mysuru, Jan. 8- The Department of Youth Empowerment and Sports has invited applications from talented student sportspersons and non-student sportspersons from Mysuru district for availing financial assistance under ZP account head (2020-21). The applicants should have made a mark at the State, National or International Sports meet held in 2019-20. The applications must be submitted along with all supporting documents and records at the Department office located in Chamundi Vihar Stadium, Nazarbad, before Jan. 21. For more details, call Ph: 0821-2564179, according to a press release.
